OUTDOOR SCIENCE LAB

Filling **gaps** in education and learning

EXPERIENCE THE PROGRESSIVE STEAM INITIATIVE

Where Creativity Will Change Their World

At the Progressive STEAM Initiative, we salute the wonderment of investigation and exploration of all that is around us.

Our programs and activities are designed to be a catalyst that helps our future scientists, information technologists, engineers, artists and mathematicians reach their goals and fulfill their potential.

Learn more about the positive impact of hands-on science experiences and join us in bringing about positive change and long-lasting learning.

OUTDOOR SCIENCE LAB

We offer hands-on education activities and lessons that adhere to, and satisfy the State of South Carolina Science standards. The classes are conducted as outdoor PSience labs in 1½ hour blocks. The schedule for all presentations are maintained on our website www.psi-steamteam.com.

Class Presentations

- Sound
- Light and Shadows
- Color
- Soil and Water
- Weather
- Solids and Liquids
- Crawfish
- Owl Pellets
- Food Chain (Producers, Consumers, Decomposers)
- Habitats in our Environment
- Magnets
- Moon Phases and Movement
- Stars and the Solar System
- Waves
- Ecosystems
- Oceans, Currents and Tides
- Force and Motion
- Friction

Note: Customized classes are available. We also provide classes around your business such as Bowling Centers (Force and Motion) and Dance Studios (Movement, Sound, Lights, Shadows) and more!

Another choice in providing education solutions.

There are many questions in determining the best choice parents have in providing for their child's education.

At the **Progressive STEAM Initiative LLC**, we think hands-on education is the best way for students to learn and remember their science concepts.
